

BOARD OF SELECTMEN ASLEEP?

ZONING HEARINGS SET

In a special meeting last night in the Town Hall the Wilmington Planning Board set Monday night, on the 4th of March, for the hearings on Rezoning Articles, to be voted on in the Annual Town Meeting. The hearings are to be held in Room 102 of the High School, starting at 8 pm., and are to be scheduled so as to afford the least possible waiting time for those concerned. Seven hearings in all will be heard on that night, the last of which is an article for rezoning land near Kilmarnock Street, submitted by Atty Simon Cutter.

The special meeting was called the day following the regular meeting of the Planning Board when, in the regular meeting it developed that the Selectmen had not left for the Planning Board any copy of the

articles for the Annual Town Warrant.

A hot half hour, in the Tuesday night meeting, followed the discovery that the Planning Board was without official information on the coming Zoning Articles, which by law are required to be advertised for two weeks.

Mrs Jeanne Gifford and Danny Gillis were outspoken in their comments.

The Board of Selectmen has been asleep for three years, Gillis declared 'and still is!'

The Monday night date (March 4th) was the earliest possible date that the Planning Board was able to set, in compliance with the law, and at such a time that the members would be able to attend the hearing.

JEANNE ON WAY TO JAPAN

Jeanne Ashworth, US Champion Woman Speed Skater, and only American woman to ever skate a mile in less than three minutes, left the Chicago Airport at midnight Tuesday, for Japan. She is flying via the Northwest Orient Airlines, and was scheduled to have a short stop-over at Anchorage, Alaska.

Jeanne will take part in the World Speed Skating Championships, in Karuzawa, Japan, starting on Feb.

21, and lasting through the 22nd. Karuzawa is a resort town about 150 miles west of Tokyo.

Jeanne will take part in all four events, in the World Championship, the 500 meter, 1000 meter, 1500 meter and 3000 meter distances.

Her flight was made possible by donations from the Hood Milk Co. of Boston, the Japanese Government, and the Lowell Sun.

While in Japan she will be the guest of the Japanese Government.

THREE NEW VOTERS REGISTER: George Cargill, father and son, of North St., registering as voters of Wilmington with Registrar Talbot Emery, last Saturday in the town hall, as Mrs Orris Sexton of Nichols Street registers with the Town Clerk, Mrs Esther Russell. A total of 58 new voters registered on Saturday.

BOOKMOBILE

The Bookmobile, back in circulation after having had a frozen engine, will make its first call in Wilmington since early January when it stops at Hathaway Acres next Monday at 2:45 pm.

Hi Folks:

You are cordially invited to enjoy a wonderful evening of entertainment, in the tradition of the legitimate theater.

St. Thomas of Villanova C.Y.O. will present 'Books and Crooks', a 3 act comedy, by Newt Mitzman and William Dalzell, in the Barrows Auditorium this Saturday, at 8:00 p.m.

Due to an extensive road tour, the talented, star-studded cast will be in Wilmington for only 2 performances, an afternoon matinee for the children, and an evening performance for the 'older' folks.

The cost of this fabulous show is only \$1.00. Tickets are in demand, and LIMITED. Get yours now! See you in the High School Auditorium.

Bye Now, St Thomas CYO

PS Tickets - if anyone wishes them - call OL 8 9530 or OL 8 8196.

ANNUAL MEETING OF PONY LEAGUE TOMORROW NIGHT

The annual meeting of the Wilmington Pony League is to be held in the Silver Lake Betterment Hall starting at 7:30 pm tomorrow.

The meeting is public, and all parents or interested persons are eligible for membership.

The election of officers, and other business is to take place in the meeting.

CHAMBER OF COMMERCE TO HEAR HAVE ANNUAL MEETING FEB 28th.

Martin Cerel, the real estate developer who started on the South Shore of Boston about a dozen years ago, and has become one of the best known figures in both home and industrial building in the Commonwealth of Massachusetts is to be the speaker at the annual meeting of the Wilmington Chamber of Commerce meeting, on February 28th.

Cerel is going to direct his talk directly at and about Wilmington, and it is said that he will 'pull no punches'. The talk is to be entitled 'Growing Pains of a Small Town and What can be Done to Ease Them'.

The Executive Secretary of the Chamber, Walter Geswell, is in charge of tickets. He can be called daytimes at his office, OL 7-7211, or at his home evenings, OL 8-4127.

The Dinner Meeting is to be held at the Rolling Green Motel, in Andover, on the 28th., starting at 7:30 pm. Tickets are \$4.25 per person.

JEFF DOES IT TOO

JEFF WILLIAMSON BREAKS THREE MINUTE MILE

For the second time in weeks a Wilmington skater has skated a mile in less than 3 minutes.

Jeff Williamson, 17 year old High School student, son of Mr and Mrs John Waugh of Lowell Street, completed the mile distance in 2 minutes 58.7 seconds, Sunday, at Lake

GEORGE, IN NORTHERN NEW YORK.

The mile distance has been skated in less than 3 minutes by about two dozen men, but this is believed to be the first time in the United States that an Intermediate Boy has completed the distance under 3 minutes.

In spite of setting a new record in the Intermediate Boys class Jeff did not win the meet. His rival of many years standing, Jackie Walters, took first place in the Intermediate Boys division with 16 points, to 10 by Jeff.

The event was the International Silver Skates, with over 200 skaters entered. The ice was in excellent condition.

Nancy Weinberg, Wilmington Juvenile Girl Champion, won the Juvenile trophy in a close contest with Martha Purupsky of New York and Sharon Weber of Scranton, Pennsylvania. The three girls were in a three-way tie until Nancy came from behind to win the 440 yard distance.

WHOOPI!

In reporting the 'No Cash' position of the Town, with regards to the annual Town Meeting, in last week's Town Crier, an error was made.

'A Hundred Thousand' in uncollected taxes was misunderstood to be 'Four Hundred Thousand' and so printed, causing embarrassment to an official who had nothing to do with the story.

But the basic story, that the town was without cash, was and still is correct.

BENEVENTO PROPOSES ASPHALT PLANT

In a hearing before the Board of Appeals Tuesday night, John Benevento, of the Benevento Sand and Gravel Company proposed to erect an asphalt mixing plant, on the Benevento property off Salem St.

Speaking for Benevento was Milton Heffron. Heffron told the Board of Appeals that only two types of Asphalt would be prepared, neither of which would have any odor.

The sand and the asphalt would have to be trucked in, the Board was told, but the crushed stone was already on the site, and if the supply were to become exhausted the operation would cease.

Heffron estimated 15 or 20 truck loads a day into the plant, and about twice that number out, as the normal traffic.

The mixing would take place in a structure that would be about 70 feet high, the Board was told.

There were no objections, and later that same evening the Wilmington Planning Board voted to approve of the proposals, and so write the Board of Appeals.

WINNER OF 6 STATE & REGIONAL AWARDS

SO WHO DO YOU BELIEVE?

Last summer, at the time the Town Manager and some of the Selectmen were trying to hush up the Ballardvale Street mess, the Town Manager issued a statement through his kept press to the effect that no state money had ever been spent on the building of sidewalks on school projects in Wilmington - said sidewalks, of course, being along the street but on school property.

He was quite emphatic about it.

At about the same time the Chairman of the High School Building Committee stated that state funds were used in the building of the sidewalks around the High School, both on Church Street and Adams Street.

Monday night, in the Selectmen's Meeting the board spent 45 minutes with two members Permanent Building Committee. Part of the discussion involved proposed sidewalks in the school grounds (but on the street) for the new proposed Woburn Street School.

It was accepted as a fact that state funds would be spent on this project.

Mr. De Felice went a little further, and cited that the state had helped to pay for the Adams Street sidewalk, but not the Church Street Sidewalk, at the High School.

It would appear from the evidence offered by our town officials that:

(1) Either the former Town Manager, or the Chairman of the former High School Building Committee was wrong.

(2) Mr. De Felice was either 50% wrong, or 59% right.

THE SKATING CLUB

Jeff Williamson's breaking of the Three Minute Mile is not quite the feat that was done by Jeanne Ashworth, a few weeks ago, but is nevertheless a wonderful credit to Jeff and to the Town of Wilmington.

Never before has any municipality in the United States been able to boast of a woman who could skate a mile in less than three minutes.

Never before has any municipality in the United States been able to boast of Two residents who could skate a mile in less than three minutes.

The Town's glory, of course, is reflected from the Wilmington Skating Club - that group of devoted people who with pick and shovel and with bean suppers have been keeping Wilmington's Number One Sport exactly that.

It is to be regretted, in a larger sense,

that the Skating Club can only put emphasis on Speed Skating.

There should be opportunities for the younger people of Wilmington to engage in Hockey, in Figure Skating, and in other types of the sport.

The Skating Club people would like to sponsor other such activities. The demand is there, and the willingness to provide.

But too much time has to be spent in the ordinary house-keeping details - the pick and shovel brigade - the bean suppers, working on the ice, etc. to allow these volunteers time for other activities.

THE CONFLICT OF INTEREST LAW

For some time the Boston Newspapers have been carrying stories of how the Conflict of Interest Law, which is scheduled to go into effect on May 1 will hurt some of the business men of the Massachusetts communities who hold office in their towns and cities, sometimes unpaid.

There is no doubt but that some people, well qualified and honest, will be barred from office on May first - either that or they will have to forego that part of their business that they conduct with their own municipal government.

This is, in a large sense, to be regretted, for honest business men can and often do serve their communities from a sense of local pride and patriotism.

On the other side of the coin is the example of a State Legislator, some months ago, who was shown to have been conducting a business with a state agency, and who served a jail sentence because of the particular way he conducted that business.

Under the conflict of interest law he could never have been doing that particular business in the first place - or he would not have been a state legislator - one of the other - and it is instances such as that particular one which inspired the law.

Locally most of Wilmington's elected officials will not be affected by the Conflict of Business law, which perhaps accounts for the lack of noise in this town.

But there was a conflict of interest, in the past three years, which will now be definitely illegal.

Town Officials protested to the past Town Manager over this conflict of interest, and nothing was done about it.

As far as Wilmington is concerned, the Conflict of Interest Law can do nothing but good.

ADDITIONAL ARTICLES SELECTMEN ARE PROPOSING FOR ANNUAL TOWN MEETING

In addition to the articles previously reported by the Town Crier there will probably be four more at least articles, proposed by the Board of Selectmen.

One article will propose the re-location of Boutwell Street, for an unspecified distance northwesterly from the Boutwell School.

A second article will propose that the Selectmen purchase, or take by eminent domain a strip of land 10 feet wide, adjoining Ballardvale Street, on the westerly side, northerly from the Cowle property to the intersection of Ballardvale Street and Route 125.

A third article is to see if the Town will vote to accept as a public way, under the provisions of the Betterment Act, Cedar Crest Road, in North Wilmington, in the Shady Lane area.

The fourth article proposes that the town accept as a public way under the Betterment Act, Reading Avenue, in the Silver Lake area of town.

METHODIST MINISTER PROTESTS AGAINST TOLERANCE

In a sermon on Race Relations Sunday at the Wilmington Methodist Church this week, the Reverend Terry Clay Thomason spoke out in protest against the contemporary glib attitude of 'tolerance' demonstrated by our society - an attitude which he rejected as reflecting indifference rather than positive Christian concern.

Dealing with the matter of racial segregation, he suggested that the problem goes deeper than race and touches on the more basic problem of class differentiation. Pointing out that our society is dominated not by a racial caste system but by a class structure, the clergyman also stated bluntly that the Christian Church reflects class segregation as much as any institution in our society. 'It may be true as we sing that 'in Christ there is no East or West,' however, we Christians seem to have a way of making it discretely but forcefully clear that if in Christ there is no East or West, 'there are two sides of the tracks,' and we make it subtly but painfully clear which side of the socio-economic tracks our fellowship is most concerned about ministering to.'

Calling for a more productive attitude than the indifference of mere tolerance, Mr. Thomason quoted G.K. Chesterton, who wrote, 'Merely having an open mind is nothing. The object of opening the mind, as of opening the mouth, is to shut it on something solid.' 'The Christian calling,' Mr. Thomason concluded, 'demands an inner consuming commitment to the attitude of concerned love for all persons regardless of racial caste or social class.'

NINETY-FIVE ELEVEN

TO OPERATE GLOUCESTER MARINA

Two prominent Wilmington businessmen, Bob Winchell and Will Lefavour, of Seacraft Industries, have taken over the operation and long range development of the Gateway Marina, in Gloucester.

Winchell and Lefavour are two of the incorporators of Seacraft, Inc., which is located at 3A Church St. and has become one of the larger suppliers of underwater equipment and sportsequipment in the country with offices in many cities, and in foreign countries.

The Gateway Marina has been operated successfully since its establishment in 1958, by Frank Abbott, President of the company. It is situated on the waterfront and has about seven acres of land, part of the thirty five being developed by Abbott's firm in Gloucester.

The present facilities and services of The Gateway include a restaurant, snack bar and cocktail lounge, moorings and dockage for

small craft, regular and marine gasoline, pre-mixed gasoline and oil for outboards, ice, bait, showers, and marine supplies and services for boat ing enthusiasts.

Winchell and Lefavour's plans call for facilities for divers, such as an air station, and a locker room in which to change clothes. For the boatman, a launching ramp is planned, boat slips are to be constructed, and all marine services are to be expanded.

The restaurant and lounge facilities are to be enlarged, and in many ways the services of the Gateway is to be expanded to meet the growing needs of the boatman, divers, and motoring public who enjoy a dinner on the water, while watching boating activity.

The Gateway Marina is located at Exit 12, one hundred yards from Route 128, and is on the Annisquam River, with only a ten minute boat trip to open sea water either north or south.

CONGREGATIONAL CHURCH
LENTEN PROGRAM

Adventure in Christian Learning

The program which will take the place of the University of Life program usually sponsored by the Wilmington Council of Churches, this year, is 'Adventure in Christian Learning' sponsored by the Congregational Church.

'We are extremely fortunate to have obtained the services of the Reverends Bruce Van Blair of the Congregational Church of Paxton and Winthrop Puffer Jr of the Congregational Church of Essex, as teachers in this 'adventure', a spokesman of the church has said.

The program will take place at the Congregational Church in Wilmington on the first five Monday evenings in Lent, beginning on March 4th. The time schedule is: 8:30 pm Worship - led by the host pastor with guest leaders preaching.

8:00 pm. Classes: 'God Calls His People' - Mr. Puffer; 'God Sends His People' Mr. Van Blair.

9:00 pm. Teachers will reverse rooms, so that all will be able to take both courses.

There is to be an informal atmosphere of lecture and discussion, and with coffee available for each class.

The cost is to be \$1 per person, plus text book, for the whole 'adventure', both courses included.

PROPOSE DRIVER EDUCATION
THEORY CLASSES IN
HIGH SCHOOL

Mrs Sylvia Jacobs, of the Wilmington Driving School, last week, requested of the School Board the right to conduct Driver Theory classes, in a High School Classroom, during evening hours.

The classes would be for adults. Such classes were formerly conducted by the Schools of Wilmington, but have been stopped on a ruling of the Attorney General.

Mrs Jacobs told the School Committee that she was unable to hire a suitable place in Wilmington that would meet the educational standards set by the state.

She was accompanied by Senator James Long of Woburn, who conducts a Driving School in that city and has such an arrangement with the schools of Woburn.

The School Committee took the case under advisement.

CALL FIREMEN ASK
FOR \$2 HOUR

Three members of the Wilmington Association of Firefighters, led by President William F Agreeable Smith met with the Selectmen Monday night to ask that they be paid \$2 an hour, for Call Firemen. The current rate of pay is \$1.65.

The three men exhibited letters of over a year ago which had gone unanswered. Not until Mr. Melzar was appointed Town Manager had they received replies to their letters.

There was some confusion when Melzar stated that there were two classes of Call Firemen, with different rates of pay. This the three men did not agree to.

It was pointed out that the annual budget generally has a return of about \$1000 to the town, and that the present rate of pay is not conducive to encouraging men to become Call Firemen.

STILL AT IT

Ladies from the Federal Gardens area called on both the Wilmington Finance Committee and the Planning Board, this week, in an effort to bolster their case for a pedway from Federal Street to the Wildwood School.

The Finance Committee, Monday night, heard them first. Mrs Flora Kasabuski was present on both occasions as an interested citizen.

Tuesday night, at the Planning Board, the map prepared by the Town Engineer was examined for the proposed purchase.

It was noted that the area was 12 to 15 acres, and members of the Planning Board expressed the opinion that perhaps the proposal would be shunted aside because of the low cash position of the town.

CANDIDATE ROLAND WOOD HAS A SIX POINT PLATFORM:
Roland Wood, Candidate for the Board of Selectmen, talking with a few friends, at a house party on Swain Road, Tuesday night. Mr Wood is advocating the forming of a Sidewalk Commission, much like the old Water Extension Committee, so that the people will know what is being planned, and that the money of the town is being properly spent on sidewalks, instead of having the subject pop up long after the Town Meeting is over.

With Mr Wood are (left) Len Richards and (right) Walter Lawler, both of the Swain Road area.

Attorney Roland Wood, one of the candidates for the Board of Selectmen is running on a six point platform.

An ex Sergeant of Marines, now a member of the MassBar, Mr. Wood advocates:

- (1) Creation of a Sidewalk Committee to investigate, formulate and study the feasibility of a Master Plan for future construction of sidewalks on accepted streets.
- (2) Selection and appointment of a highly professional and competent Town Manager, who, plus his administrative ability, must have imagination and the ability to plan and cope with the problems of the future as well as those presently facing the Town.

**AVCO TOWERS GRANTED
BY APPEAL BOARD**

The Board of Appeals, Tuesday night, in its first decision of the current year, approved of the construction of two 70 foot towers on the Avco property, on Lowell St. The towers are for experimental work, and the hearing was held on January 13th.

Also granted was a right to erect a flagpole, on the property.

**PLANNING BOARD TO ELECT
OFFICERS AFTER TOWN
MEETING.**

The Planning Board has voted to elect its officers after the annual Town Meeting.

- (3) Creation of a Parks and Recreation Commission, with the powers now presently vested in the Planning Board transferred to said commission.

- (4) Appointment of a Citizens Committee to work in conjunction with the Chamber of Commerce and the Planning Board concerning the revitalization of Wilmington Square.

- (5) Greater coordination between town employees, town boards and committees, and above all, the Board of Selectmen.

- (6) Major emphasis on the encouragement of the right kind of business and industrial developments to offset the rising indebtedness of the town, together with the rising tax rate.

**ELECT BOARD OF DIRECTORS
CHAMBER OF COMMERCE.**

Samuel Shapiro, President of the new Sweetheart Plastics Inc. firm of Wilmington, was one of the directors elected to the Board of Directors of the Wilmington Chamber of Commerce, just concluded.

Others elected are Frank Griffen of the Church Street Hardware Bennett Bedell of the Bedell Bros. Insurance Agency, John Cafiso of Silver Lake Hardware, Allick Epstein of Louie's Oil Company, Don Greer of the J. W. Greer Co and Mrs Lillian Woodside of the Wilmington Center Pharmacy Inc.

The election of a new President is to take place tomorrow morning, at 8:30 am in the Chamber Headquarters, Middlesex County National Bank Building.

WOBURN STREET SCHOOL

A 45 minute discussion, between the Board of Selectmen on one hand and Raymond McClure and Bob Michelson of the Permanent Building Committee, on the other, found both sides agreeing to a proposal for a 20 foot pedway, from the Linda Road and Dadant Drive area to the new proposed school on Woburn Street.

The discussion took place Monday night, and found Town Manager Harold Melzar critical of the past performance of the Building Committee. Melzar told the Selectmen that he had had to order the School Maintenance Department to put numbers on the classroom doors of the Glen Road school, among other things.

Michelson told the Selectmen that the committee was going ahead with plans for sidewalks in front of the school, on Woburn Street, but not for other parts of the street than the school property.

The agreement on the twenty foot pedway was reached so that snow plows, and, in emergency, ambulances could use the roadway but it was emphasized that it would not be for general auto traffic.

FIRESIDE PILGRIM FELLOWSHIP.

The Fireside PF of the Congregational Church is to meet at the Church at 7 pm on Sunday. The evening's program is to be the first of a series on 'dating'.

**NATIONAL
POLYCHEMICALS
ACHIEVES RESIN
BREAKTHROUGH**

An important breakthrough in the technology of phenolic resins has led to the development of a new group of flexible phenolic resins, according to an announcement by E. V. Osberg, president, National Polychemicals, Inc., Wilmington. Tetraflex resins, the name given to these new materials, are unique in that they are inherently flexible in nature as contrasted to normal phenolic resins that are rigid and brittle.

Edward V Osberg

The new tetraflex resins were developed in National Polychemicals' resin laboratories in Wilmington under the direction of Dr. L. F. Bornstein, vice president and manager of the Synthetic Resins Division. A broad range of composition of matter and use patents have been applied for in this country and abroad. Tetraflex resins are completely uniform and homogeneous. These new resins are readily adaptable to normal phenolic resin processing equipment and require no special techniques for handling.

National Polychemicals produces a range of phenol and urea formaldehyde resins at its plants in Wilmington, Massachusetts, and Conway, North Carolina. In addition, the firm produces a line of organic chemicals, specializing in blowing and foaming agents for the rubber and plastics industries.

FLORA SAYS:

Last week I stated in this paper that we have yet to provide outstanding means for our pupil's education.

Only when a certain committee man runs for re-election do we read anything about our schools, except (1) the all-important budget, (2) the starting salaries of school teachers is \$200 more than the state requirement, and (3) the LONG lists of new teachers hired for the coming term. Teachers are the backbone - the heart - of a truly great school system. They have studied and trained to be teachers. They are certified by the State Board of Education to be qualified -- YET -- a higher wage scale does not keep them!

Why? Until we get to the bottom of this situation and straighten it out, all our fancy chrome and plate glass buildings might just as well be on the Moon.

Attorney and Counsellor

Commissioner Giles
Dept of Public Safety
1010 Commonwealth Ave
Boston, Mass.

Dear Mr. Giles:

I am enclosing front page of the Jan. 30 1963 final issue of the Record American. This picture graphically illustrates the old Chinese proverb that one picture is worth 10,000 words.

Here in Wilmington we have been told many times by our Town Officials that often school buses cannot stop at certain convenient spots because some safety inspector would not allow it. It is very discouraging to law-abiding citizens to see that somewhere somehow some Inspector was criminally negligent in allowing a regular school bus stop to be so situated on Route 1, under a bridge.

As it turned out, it was a miracle that the students in the bus were not killed in this accident, but two men did die as a result of this criminal negligence by trying to obey the 'School Bus Law', and I have just heard a news broadcast that the Route 129 overpass bridge will have to be completely replaced at a cost of \$150,000.

Our Legislature and Governor Peabody are hard put to find funds to advance education in this state. Quite a few books could be bought with the \$150,000, and many worthy students could use scholarships to relieve their tax-burdened par-

ents.
I therefore protest this waste of human life and waste of taxpayers money.

Very truly yours,
M Flora Kasabuski.

Dear Madam:

This is in reply to your communication of January 30, 1963, addressed to Commissioner Giles in which you enclosed the front page of the January 30, 1963 final issue of the Record American, regarding the tragic incident which occurred in the Town of Saugus. Please be advised that the designation or approval of school bus stops does not come within the purview of this Department, or of the safety inspectors of this Department.

This Department is of course concerned with the carnage that exists on our public highways, and has done everything in its power to alleviate the same. However, inasmuch as this area of safety on our highways does not fall within the jurisdiction of this Department, I have taken the liberty of forwarding a copy of your communication to Mr. Theodore Gunaris, Chief Supervisor, Selective Enforcement and Equipment Section, Registry of Motor Vehicles, 100 Nashua Street Boston, for whatever action he may deem necessary.

Sincerely,
Clayton L. Havey

Dear Larz:

The Football Cheerleaders of Wilmington High School would like to thank Mr Edward Forrest, Mr Walter Gustus, Mr Anthony Cesar and all the DAV members for inviting us to their Football Banquet held on February 2nd. We also say thanks for the very nice megaphone bracelets that were given to us. Their generosity and thoughtfulness is appreciated very much.

We also want to thank our good friends, the Senior Citizens of Deming Way, including George Spanos, for the very nice gift they gave us. It gave us all a wonderful feeling to be a part of the ceremonies at the banquet.

In addition we would like to congratulate and thank the whole Football team for their hard work, and also for making our cheerleading season very exciting and sensational.

Thanks again to all those who helped in any way to make the banquet a huge success.

Respectfully yours,
The Football Cheerleaders
Virginia Casey, Captain.

Dear Larz:

It is about time every concerned American began to let his feelings be known about continuing developments in Cuba, for the man who is allowing the Communists to continue their build up is a native of Massachusetts, namely John F. Kennedy.

It was announced by a congressman in Washington today that there are still at least 40 missiles in Cuba, thereby proving that the President did not act in the best interests of the United States when he had the effrontery to accept the word of Khrushchev, the Butcher of 6 million of his fellow Russians, that the Soviets were pulling their missiles out of Cuba. Of course administration officials denied this but Senator Keating of New York has been stating all along that this build up continues, and political observers in Washington stated weeks ago that the presidential call for a Quarantine of Cuba was primarily a political trick.

The Communists really came out on top of the Cuban deal, for they received Kennedy's assurance that the United States will continue to allow Cuba to be a center of Communist strength when he promised that the USA would not invade the island.

Not only is the administration allowing the Communists to continue their activity in Cuba, they are also planning on receiving a leading Latin American Communist as a guest of the White House later this month! And this communist, Romulo Betancourt, aided Castro

to take over Cuba, and himself now holds tyrannical sway over Venezuela.

What does all this have to do with Wilmington? First, AVCO is certainly a potential missile target. Secondly every American must do his part to see to it that the present administration is made to realize that we do not like to coddle Communists. Anyone wanting to obtain factual information about the Cuban mess should write to the Committee For The Monroe Doctrine, 79 Madison Avenue, New York and ask for a copy of Eddie Rickenbacker's speech and a copy of their petition. Unless of course they don't care if the President has underwritten Soviet control of Cuba.

Sincerely,

William E Dunham.

cc Congressman Brad Morse.

Dear Larz:

My wife and I had a visitor on Saturday at about twelve noon. His name was Mr. Costello. He represents the Wilmington Development Co. He spread before me the plans of this company with regard to an industrial development. He wants to put this industry in what is now residential area. I presume he wanted to convince me that this project was good and wholesome. He did not convince me of any such thing.

Instead, my fears are increased that this project is not in the best interests of Wilmington. We need industry, but why establish it in residential areas when 1500 hundred acres (Mr. Costello's figure) of industrial property remain undeveloped. Mr. Costello's answer to the question, 'Why can't you build on land already zoned for industry?', was brutally frank. The answer was 'We don't own it.' The rest of this part of the conversation just revolved around the same question resulting with the same answer.

My next question was 'How are you going to prevent Lubbers Brook from becoming polluted?'. The answer was, 'The Photon plant hasn't polluted the brook'. Another answer was, 'There are laws against pollution in this state.' Neither answer answered the question.

Then we reached the area which disturbed me the most. The questions which were answered by 'That's the Town's problem.' Questions on increased traffic, lack of sidewalks (sidewalks), safety of children, all problems which we now have and which will be increased if this industrial complex goes in were brushed off by the statement: 'That's the Town's Problem!'

The old topper came when I asked 'What are the specific industries that will go into this area?'. Sylvania was mentioned a few times. The trouble is Sylvania isn't going to occupy the fourteen lots (Mr Costello's figure) that are in the tentative plans.

What industry will? Some machine tool company is interested. Who else is? If this land is rezoned for industry in general we will be asking for trouble. Any industry eligible under the zoning laws will be able to locate in this area. As I mentioned in a previous letter, garages, open storage of equipment fertilizer, heating fuel, paint, ware houses for the same, and laundry, dry cleaning and dyeing plants could go in here. If some specific industry wants to locate in a residential area this is one matter, rezoning an area without knowing who will occupy it is a carte blanche invitation for trouble.

Another point. This property will not have buffer strips on all sides facing residential property. They are planned for the First and Mystic Ave. areas but not Concord Street. Even if buffer zones are in the plans I can find nothing in the zoning laws to enforce their inclusion.

In the booklet published by the Town of Wilmington for prospective firms there is a section devoted to 'Typical Municipal Policies' (page 7). I quote from the section on zoning. 'The Town has placed the greatest stress upon the planning of its future. Endowed with unusual natural advantages, unspoiled by premature or uncontrolled development, the town through its Planning Board drew upon the faculty of Harvard University for professional advice in the preparation of its recently adopted Zoning By-Law and District Map.

'Based upon a careful land use-inventory land plan, the proposed Zoning which constituted a total revision of existing regulations, was adopted by the Special Town Meeting called for that purpose, by the extraordinary majority of 11-1.'

The Town of Wilmington and its citizens will do well if they heed the advice of these professionals of zoning and planning. Industry should be permitted to build on the land so recently deemed best suited for that purpose. Only in special cases where the company desiring to locate in Wilmington is specifically known and is exceptionally clean should any serious attention be given to rezoning our residential land.

Very truly yours,
William D. Mac Kennon, Jr.

North Wilmington, Mass.

series of Public Hearings, at the below specified times, on March 4, 1963, in Room 102 of the Wilmington High School, relative to the following articles on Zoning, for the annual Town Meeting of Wilmington, to be held March 9 1963.

At 8:00 pm

ARTICLE: To see if the Town will vote to amend the Zoning Bylaw and Map, particularly a Zoning amendment (Article 44) voted March 12, 1960 by striking out the description of the parcel of land set forth therein, and substituting the following description: that parcel of land on the Easterly side of Main St. starting 400 feet northerly from Clark Street; and extending northerly 1650 ft along Main St.; depth varying from 400 ft to 1300 ft and comprising entirely and exclusively a parcel shown as an industrial district on the official Zoning Map adopted November 28, 1955, or do anything in relation thereto.

At 8:10 pm

ARTICLE: To see if the town will vote to amend the Zoning Bylaw and Map, particularly a Zoning amendment voted at a town meeting July 1, 1959 (Article 4) by striking out the description of the parcel there set forth, and substituting the following description: that parcel of land bounded by Main St., Shawshen Ave., B & M RR and Bridge Lane or do anything in relation thereto.

At 8:30 pm

ARTICLE: To see if the town will vote to amend the Zoning By-Law and Map by changing from Single Residence 'A' District the following described parcel of land;

Beginning at a point on Middlesex Avenue one hundred fifty (150) feet North of a Stone Bound at the North side of First Avenue, the line runs Easterly seven hundred-six and 7/100 (706.71) feet parallel with First Avenue to the line of the Boston & Maine Railroad; thence Southeasterly by said Boston & Maine Railroad two thousand seven hundred fifty four and 79/100 (2754.79) feet to an Iron Pipe Bound at Concord Street; thence Northwesterly by said Concord Street one thousand six hundred eighty five (1685) feet more or less to a ditch at land now or formerly of Frank and Marjory Stevens; thence Northeasterly by said ditch and by said Stevens' land two hundred sixty eight (268) feet more or less to a corner at land now or formerly of Paul and Doris Reitchel Jr. and by land now or formerly of Ernest W. and Rose M. Eames; thence Easterly by said ditch and by land of said Reitchels' one hundred ninety two (192) feet more or less to a corner at land of said Eames' and at land now or formerly of Christina Lopez; thence Northerly by another ditch by land of said Lopez two hundred fourteen 5/100 (214.5) feet more or less to a stake at the upland; thence Northwesterly by land of said Lopez five hundred eighty four and 9/100 (584.9) feet more or less to a corner; thence Northwesterly by land of said Lopez one hundred sixty five (165) feet more or less to a stake and stones; thence Northeasterly by said Lopez land and by a line on the Easterly side of Mystic Avenue six hundred thirty seven and 54/100 (637.54) feet more or less to the Northerly side of First Avenue; thence Westerly by said First Avenue four hundred sixty four and 76/100 (464.76) feet more or less to a Stone Bound at Middlesex Avenue; thence Northerly on a line of said Middlesex Avenue one hundred fifty (150) feet to the point of beginning; or do anything in relation thereto.

At 9:00 pm

ARTICLE: That the Zoning By-Law and map be amended by extending the present General Business area to include the following parcel of land;

Beginning at the corner of Lowell and West Streets westerly along the northerly side of Lowell Street 480 feet, thence northerly parallel to West Street 450 feet, thence easterly parallel to Lowell Street 450 feet, thence southerly along West Street to the point of beginning

At 9:30 pm

ARTICLE: To see if the Town will vote to extend the present Neighborhood Business Zone located on the south side

of Lowell Street and the east side of Woburn Street, Wilmington, Massachusetts, as follows:

Starting at the southeasterly point of the existing Neighborhood Business Zone on Lowell Street and following southeasterly along Lowell Street for three hundred (300) feet and turning 90 degrees south and running four hundred (400) feet and turning 90 degrees west and running parallel to Lowell Street to a point of intersection with Woburn Street and then turning North to a point of intersection on Woburn Street with the existing Neighborhood Business Zone.

At 10:00 pm

ARTICLE: To see if the Town will vote to rezone from 'Rural' to 'Single Residence A' a strip of land 200 feet deep on each side of Chestnut Street from the present Single Residence A, district to the boundary line of the City of Woburn.

At 10:30 pm

ARTICLE: To see if the Town will vote to amend the zoning by-law changing from Single Residence A to Industrial, the following described parcel of land:

Starting at a point on Kilmarnock Street, Wilmington, and running south 8 degrees 02 minutes 07 seconds east nine hundred seventy-eight and 22/100 (978.22) feet to an iron post; thence turning and running north 32 degrees 48 minutes 24 seconds west eleven hundred fifty-four and 56/100 (1154.56) feet to an iron post and Kilmarnock Street, and thence running along Kilmarnock Street north 84 degrees 22 minutes east one hundred seventy-six and 90/100 (176.90) feet to an iron post, thence continuing along Kilmarnock Street north 87 degrees 41 minutes east one hundred thirty nine and 6/100 (139.06) feet, thence continuing along Kilmarnock Street south 81 degrees 52 minutes 56 seconds east one hundred twenty-four and 40/100 (124.40) feet to an iron post, thence continuing along Kilmarnock Street south 81 degrees 52 minutes 56 seconds east fifty-one and 17/100 (51.17) feet to point of beginning.

ANNOUNCE ENGAGEMENT
OF CAROLYN MANGO

Mr and Mrs Frank Mango, of Patricia Circle have announced the engagement and coming wedding of their daughter, Miss Carolyn Mango, to John McCauley Jr., son of Mr and Mrs John McCauley, 61 Taplin Avenue.

Miss Mango is attending the Lowell Academy School of Hairdressing. Mr McCauley, a veteran of four years in the US Air Force, is employed by Avco.

An October wedding is planned.

Dear Reader:

This little unsolicited verse was composed by one of our old time customers.

We consider it a terrific tribute and would like to share it with you. It makes us particularly proud to know that we are not considered to be 'just another store'.

ELIA'S COUNTRY STORE

Strolling from home mornings down the street,

A mission in mind directed for me meet.

May be an errand or two while on my way,

But in this Country Store a moment I stray.

Maybe its milk or bread and plus my paper,

And then again I may stride around do caper.

This self service easily located by most lady,

With me its hunting some time takes to this Baby.

Piled in arms groceries picked and then I dash,

To that more common counter to lay my cash.

It may be Mr. Surette more times ringing till,

Then he packs neatly by bag and I leave for the hill.

My visits to this Store now much over a year,

Hope friendships prospered and met very sincere.

That man behind counter with thanks and a smile

At register counts and totals them for a while.

But I do have a Pal there, I do regard a lot,

I doubt if either know's the other's name - to me he's Pop.

Some times I find him outback taking order by phone,

And again he may be replacing staples as he roam.

Current events may not be a topic spoke in exchange,

But he knows parts of Maine and some New Hampshire range.

Those Sunday rides take him in to these New England States.

Come Monday mornings when I drop in familiar spots he relates.

Now I step over to the meat rack and meet two men.

One named John and the other Mike, their talent expend.

Flashing the knife to cut as they stand there and prescribe,

Parts of the animals distributed for some family ride.

Be it steak, chops, frankforts or some other treat,

Believe it or not those boys know how to cut meat.

No better Store so located to all this area find,

You families make it a shopping place every time.

But there is a moral to these verses I wish display

Make this Store a stopping place on each shopping day.

Why ride to some distant and well advertised Mart?

Shop locally at ELIA'S and by so doing is smart.
